Re: Operable Unit No. 9 Technical Memorandum 1, Vol. 1, Part A, Approval dated April 11, 1994

Dear Mr. Baughman:

In the above referenced approval received April 20, 1994, you requested sampling plans within thirty days for four tanks which we had proposed for deferral.

We have been working internally to determine the ongoing uses, conditions, and need for these tanks. Some are apparently permitted as, or associated with RCRA Hazardous Waste Tanks. We have not yet finished this assessment.

We will compile the pertinent facts relative to the tanks and make a reasonable proposal for any we feel require deferral, and submit workplans for the remainder. We will submit the information and any appropriate plans by Friday June 17, 1994.

If you have any questions, please contact Steve Slaten at extension 4839.

Sincerely,

Jessie Roberson
